ABOUT ME

Passionate and motivated software developer with a strong foundation in web and mobile development. Proficient in Java, JavaScript, Kotlin, Swift, Python, and Vue.js, with experience using Spring Boot and Thymeleaf for backend development. Currently expanding my expertise in Python and Vue.js. I enjoy solving complex problems, building efficient applications, and continuously learning new technologies. Seeking a web development internship to apply my skills in a real-world environment and grow as a developer.
